SUMMARY

A senior-year software engineering student with a passion for developing innovative products. Throughout my bachelor's education, I have taken courses on technical subjects such as **Data Structures and Algorithms**, **Object-Oriented Programming**, and **Databases**, and I have developed projects aligned with these concepts. I have hands-on experience in **C#**, **Java**, and **Python**. Additionally, I have experience working with **Project Management principles** such as **Agile** and **Scrum**, where I actively contributed to the documentation of each project. Furthermore, to improve my soft skills and gain new experiences, I took on leadership roles in a game company and served as a voluntary student mentor at university.

EXPERIENCE

Vol. Game Developer 2024/05 - Present
Orris Academy Turkey

- Served as Key Project Member and Level Designer for the upcoming game project, managing design team, coordinating with other departments, and creating level designs to ensure a cohesive and high-quality final product.
- Developed and integrated general API for three ongoing game projects, ensuring seamless communication between front-end and back-end systems. Served as a Backend Developer, collaborating with cross-functional teams to deliver optimized and efficient solutions.

Game Developer Intern 2024/08 - 2024/09
Blay Games Izmir, Turkey

- Fixed critical bugs in the game "GOKA Street," which had already been published.

Game Developer Intern 2024/01 - 2024/02
Mafia Games Istanbul, Turkey

- Conceptualized and developed a 3D third-person game called 'Mind Mosaic' using Unity and C# in 20 days.

EDUCATION

BSc Software Engineering
Izmir University of Economics
2021 - 2025 Izmir, Turkey

KEY ACHIEVEMENTS

- ★ **Honor Student**
2022-2023 Fall Semester
- ★ **High Honor Student**
2021-2022 Spring Semester

SKILLS

Java - HTML - CSS - Python - SQL - Pandas - Git - Project Management - Unity - C#

VOLUNTEERING EXPERIENCE

Student Mentor 2023/08 - 2024/02
Izmir University of Economics Izmir, Turkey

- Developed a comprehensive orientation program tailored to first-year students, incorporating academic advising and social engagement, which resulted in a 25% reduction in first-year anxiety and an increase in motivation during the critical adaptation period.
